

Lp. No	Wyszczególnienie Specification	Stan istniejący Existing stage	Stan projektowany Designing stage	Do likwidacji To estimate
1	2	3	4	5
1	Linia kablowa kanałowa (Cable line in ducting)			
2	Linia kablowa doziemna (underground cable line)			
3	Linia kablowa napowietrzna (overhead cable line)			
4	Złącze przelotowe (Direct joint)			
5	Złącze rozgałęźne (Branching joint)			
6	Ciąg kanalizacji ze studniami (Cable duct system with cable wells)			
7	Rozbudowa kanalizacji i studni (Ducting and cable well to be extended)			
8	Zasobnik złączowy (Underground plastic pit)			
9	Przekrój kanalizacji (Cross section of duct system)			
10	Zabezpieczenie kanalizacji lub kabli rurą ochronną (Ducting or cable protecting by pipe)			
11	Głowica w skrzynce zewnętrznej (The head in the outer box)			
12	Głowica w skrzynce wewnętrznej (The head in the inner box)			
13	Puszka kablowa (The cable tin)			
14	Szafka kablowa (The cable cabinet)			
15	Słup kablowy (The cable post)			
16	Słupek rozdzielczy (The distribution pillar)			
17	Słupek oznaczeniowy SO, SOP ; Marker M (The indicated pillar; the marker)			
18	Punkt charakterystyczny (Characteristic point)			
19	Złącze przelotowe (Direct joint)			
20	Zapas kabla (Cable spare length)			
21	Złącze końcowe (End joint at fiber optic distribution)			

Opracowano: wg wytycznych i norm ZN-95TPSA (Worked according to TP S.A. requirements and ZN-95 standards)
